

Surf Life Saving Sydney Nippers

SLSA Age Manager/Age Assistant Courses - Season 19 - 20

As we are all aware having **trained and informed teams** on the beach for our Nipper events, whether Sunday mornings or during the week, makes a huge difference to the **quality of our training**, and the **safety of our Nippers** - all 6,500 of them.

The above SLSA Course is for **Every Parent** who works on the beach, being the **Age Assistants**. This includes those who are brand new, have been here for a while, or maybe have their Bronze Medal. For all Sydney Clubs, parents cannot work on the beach without this Award, which is a smart move. To be the Age Manager of the group, they must have this award current in Surfguard.

Over the last few seasons some clubs have sent some great numbers of **Age Assistants** to this course (95 from Sth Maroubra in 2015), and this has delivered some great benefits back to the club, the Nippers, and especially the Nipper Mgt Team.
So please encourage your Age Teams to join us from the U6's upwards...

Our dates and locations for this season's courses are the following:
Please note **NEW** start times to accommodate the requirements of the new Course.

October 23rd 2019 at Nth Cronulla Surf Club from 6.45pm - 9:15pm

October 24th 2019 at Sth Maroubra Surf Club from 6.45pm - 9:15pm

We do need RSVP details to ensure we have room for the candidates, and catering is taken care of.
Please email Donna with your defined numbers by the 21st Oct 2019: jdcsecretary@surflifesavingsydney.com.au

Please advise all candidates who are coming that they need a pen, and that there is a workbook to complete on the night.

This training session is Part 1 of 3 - with the other two parts being completed at your Club.
Please schedule these two sessions back at the club to ensure the candidates get the award by end of the season.

Any enquiries please contact Doug Hawkins @ nippers@surflifesavingsydney.com.au
