4. Registration Number Allocation

Please identify if you have received the vessel with current registration

SR N

Note: Any present registration will need to be removed to allow for the application of your new vessel registration number

5. Applicant Declaration (Authorised Representative)

As the Authorised Representative of my Club or Service, I declare that I am authorised to act as the registered controller of this vessel on behalf of all/any interested parties and that the information supplied is true and correct. I understand that if any details are found to be incorrect this registration may be cancelled without notification.

Authorised Representative Signature: X..

NSW Maritime and SLSNSW

The registration of this Vessel is strictly for "Surf Rescue" activities and does not register a vessel for any other type of activity. By registering a vessel using this form, all associated parties agree to meet the Water Traffic Regulations – NSW under section 38(4A) of the Maritime Service Act 1935.

SLS Surf Rescue Identification Number

All Surf Rescue Vessels must display the allocated SR Registration Number on both its port and starboard gunwales. The registration numbers must be installed in block letters, at least 150mm in height in black or contrasting colour to the background.
