Garie SLSC has been working to recruit new members to their Club, via the Garie 'Vanguard Program' - working directly with residents from Western Sydney

This outreach program has been successful, and approximately 20+ new candidates are now ready to complete their SRC / Bronze Medallion, with all becoming active patrolling members of Garie SLSC by December 2019.

This has been a very pro-active project by the Garie Vanguard Team and delivered with the support of Surf Life Saving Sydney, SLSNSW and a number of local partners.

As one of Surf Life Saving Sydney's smaller clubs, Garie SLSC doesn't have the training team needed to deliver this course, therefore Sydney Branch is requesting the assistance from the Bronze Medallion Trainers within the Branch.

The surf lifesaving training will take place between 13 October and 8 December 2019 at both Auburn Pool and Garie Beach. Surf Life Saving Sydney is seeking Bronze Medallion Trainers to assist where they can. Trainers can commit to a number of sessions or just a couple. Everyone is welcome to select the training session you want to be part of.

Surf Life Saving Sydney will be supporting the Trainers by assisting with covering travel costs for this course.

This is a great opportunity to assist a fellow Surf Life Saving Sydney club who are currently working with just 25 patrolling members, so this number of candidates increases the patrolling lifesavers of Garie SLSC by nearly 75%. A great kick start for the Club!

This is the first time this type of project has been established, and its success is already showing with the 20+ candidates. We now need to work together to get these new lifesavers into their red and yellow uniforms... and onto Garie beach.

The proposed Training Schedule is on this link....
