

MEMORANDUM

To	Club Captains
From	Manager Lifesaving
CC	Club Secretaries, Club Presidents, BOM, LSEC
Date	Friday, 2 July 2021
Pages	1
Subject	Radios Season 2021-2022

Branch Office has been receiving club enquiries in relation to Radio servicing / programming in readiness for season 21-22.

Gear Inspection information for season 21-22 has not yet been published from SLSNSW, however, we have sought information regarding Radios in the interim to assist clubs.

There is no critical changes to profiles for Sydney club radios, so no urgency on clubs programming this year. **However**, if your club did not get your radios serviced prior to season 20-21, we would suggest that you get a general service completed prior to Gear Inspection 4 September 2021 and in readiness for the new season.

Any update to this information will be advised once we receive the 2021 Gear Inspection circular from SLSNSW.

Regards

Scott Muir
MANAGER LIFESAVING SLSS
