

# Resuscitation Resource Links

## SLSNSW Document Library

The following table has been created to assist education teams and administrators provide both themselves and participants with the required resources for the delivery and assessment of the SLSA Resuscitation course.

You must log into the SLS Members Area ([members.sls.com.au](https://members.sls.com.au)) BEFORE clicking on the appropriate link to access the learning or assessment resources within the SLS Members Area Document Library (SLSNSW Organisation Level) or SLSNSW Website. You may save the linked resources to your internet favourites for quick access. The links will continue to work when resources have been updated as their document number remains the same.

### Note

This document and all documents it references are considered **out of date once printed or downloaded**. Always check the SLS Members Area Document Library for the latest version of SLS education resources.

Participant package	Training package	Assessing package

### Remember:

- SLS members need their own unique [SLS Members Area](#) account for all SLS courses and to access the SLSA apps (Publications, Learning).
- Always refer to the [eLearning FAQs](#) and [eLearning User Guide](#) before submitting a [SLSA IT Helpdesk Support Ticket](#) for any support with eLearning or any other potential IT issues.
- For more general information about training and assessing at a SLSC, refer to the [SLSNSW Education SOPs](#).
- Remember to stay up to date with any changes to the [SLSNSW Lifesaving SOPs](#) and your club's [Patrol Operations Manual](#).
- Feedback and enquiries regarding any of the training and assessment resources should be sent to [education@surflifesaving.com.au](mailto:education@surflifesaving.com.au) and [education@slsa.asn.au](mailto:education@slsa.asn.au). Your feedback informs the SLSA education resource updates made around May and August each year.
