Please find attached the By-Law draft document, discussed at meetings with Assessors, Captains and Chief Training Officers last week.

As promised, the final draft for review is now available, following your comments and consensus at the consultation meetings.

As discussed at those meetings, our timeline is tight in order to present this document to a Special Meeting of the Council on May 2nd convened to consider the proposed amendments for adoption.

As advised at the meetings, the time/date for final comments is midday next Wednesday 13th April 2016 .

Comments via email to myself to admin@surflifesavingsydney.com.au please.

Your final comments will be considered by the BOM Executive, who will then produce and circulate the proposed amendments to the By-Laws for the Branch Council to consider on May 2.

If adopted, the new structure will be implemented for the coming season.

Regards,

KEITH GRIMA OAM
