Background and Purpose

Surf Life Saving Sydney is calling for nominations from IRB Drivers or Crewpersons to form part of a volunteer member-based IRB Support Team, to work with Peter Burst.

The IRB Support Team is being established to support the Branch Surf Sports Committee and Watercraft & IRB Coordinator to provide safe and efficient surf sports activities throughout the carnival season.

Ideally the Team will comprise a member representative from each of the Randwick, Waverley, Bate Bay and RNP districts.

This initiative will provide an opportunity to advance personal IRB skills in a new environment, while contributing to the growth of IRB knowledge within the Sydney Branch.

Members of the IRB Support Team will be provided with a uniform. And when supporting a surf carnival IRB and food will be supplied by the host club.
