Subject	Changes to SLSS Support Operations Duty Officer Callsigns EFFECTIVE DATE OF CHANGE : 30 November 2019

As part of an ongoing review into our operational processes, a decision has been made to amend the current structure of our Duty Officer callsigns.

This decision has been made to make it easier for Clubs, Support Services, Council Lifeguards, and the State Operations Centre to communicate with our Duty Officers & Rescue Coordinators. It more clearly designates roles and responsibilities of the Duty Officer and eliminates confusion as to who other stations should be contacting on the radio network.

Clubs and Services should familiarise themselves particularly with the following callsigns.

Callsign	Name/ Service
Incident Commanders – On Duty	
SYDNEY 10	Rostered Rescue Coordinator (in command)
SUTHERLAND 20	Rostered Duty Officer (Sutherland/ RNP)
EASTERN SUBURBS 30	Rostered Duty Officer (Eastern Suburbs)

This change will be effective from 30th November. From this date the Rostered Duty Officer Team will commence using these new callsigns. These callsigns will NOT change week to week as they do under the current system.

Should Clubs require a Duty Officer to attend their beach, they should still follow the same process of contacting them through SURFCOM.

Duty Officers and Rescue Coordinators will still have individual callsigns however these will be utilised in a back up capacity.

A full list of Support Operations Group Callsigns is attached overleaf. This should be printed and displayed in Club's patrol room and circulated to all Patrol Captains.
