

## MEMORANDUM

<b>To</b>	<b>Club Captains, CTOs</b>
<b>From</b>	<b>Manager Lifesaving</b>
<b>CC</b>	<b>Club Secretaries, BOM, LSEC</b>
<b>Date</b>	<b>Wednesday, 4 November 2020</b>
<b>Pages</b>	<b>1</b>
<b>Subject</b>	<b>BVM, OP airways and Suction Clarification</b>

Dear All

There seems to have been some recent confusion over whether to remove BVM, OP airways and suction from the on-beach kits.

We have sought and received clarification from SLSNSW that the above equipment is to **STAY** in the kits.

Could Clubs please ensure that if this equipment is currently stored within the club that it be restored to the beach kits or this weekends patrols and for the remainder of the season.

Regards and thank you

**Scott Muir**  
**MANAGER LIFESAVING SLSS**
