Subject	Radio Checks added to Patrol Audits

Dear Captains

Effective from this weekend onwards, Radio checks will be added to Patrol Audits which are carried out by the relevant Area Lifesaving Coordinator.

During an Audit, the Area Life Saving Coordinator will independently contact and request SurfCom to issue a radio check on Ch 3 to the Patrol Captain.

The response will be monitored and recorded by the Area Lifesaving Coordinator.

It would be appreciated if Club Captains, could please share this information with your Patrol Captains so they are aware of this radio check.

Regards

Scott Muir
