To	Clubs, Presidents, Secretaries, Surf Sports Coordinators, Junior Development Coordinators
From	Director Junior Development – David Love Junior Competition Manager – George Benhayon
CC	BOM, LSOC, SSC, JDC, MSC

Background

Surf Life Saving Sydney (SLSS) is dedicated to recognising, developing and rewarding young Nippers in our Branch. These athletes may have started in Nippers for various reasons and now aspire to enter Branch, State and National (Aussies) Championships. Our Branch must provide a solid pathway for these athletes to develop their surf life saving skills and maintain motivation as they go through nippers to cadets and seniors. SLSS envisages coordinating the program(s) for our Clubs and athletes. The Junior Development Committee conducted the first of these clinics in March with Beach and Water competitors.

We are now wishing to extend the focus to the area of **Pool Rescue events** for your members who are intending on competing at the 2022 SLSNSW Pool Rescue Championships. This clinic is for U11-U14s only.

Pool Rescue Event Development Clinic Details
