

MEMORANDUM

To	Club Chief Training Officers, Bronze TAFs
From	Acting Director of Education
CC	Club Secretaries, Club Captains, SLSS Education Committee
Date	Friday 19 November 2021
Pages	1
Subject	Bronze/SRC Assessment Update Season 21-22

Hello TAFs & CTOs

As we start to ramp up to the busy period for SRC and Bronze Assessments, I would like to provide some additional information and reminders to our trainers and assessors.

1. Use of current resources for training and assessment

The Bronze Medallion and SRC resources have been updated for Season 21/22. Please ensure that you are using the latest versions of Delivery and Assessment Guides, Assessment Portfolios, Learner Guides etc.

The easiest way to ensure this is to use the Resource Links documents created by SLSNSW Education. You can find this in the Members Area at :

https://members.sls.com.au/members/document_library/3/media/3471

You should also ensure that you select Surf Lifesaving NSW as the Organisation when searching for any other documents to ensure you have the relevant document for our state.

2. Beach Induction - Risk Assessment Form

You will find a *Beach Induction - Risk Assessment Form* in the latest Assessment Portfolios for SRC and Bronze Medallion. This should ideally be completed on the first session on the beach and must be completed by each candidate and signed off by a trainer. **Please ensure that this is completed in the Assessment Portfolio prior to the assessment date.**

I have raised with SLSNSW that this requirement is not mentioned in the Delivery and Assessment Guide, but it is referenced in the Session Plans.

3. Assessment Tasks for Bronze Medallion and SRC

All Assessors should make themselves familiar with the latest Delivery and Assessment Guide for SRC and Bronze. This can be found in the Members Area at :

https://members.sls.com.au/members/document_library/3/media/3441

Please ensure that you are only assessing the tasks defined in the Guide. While candidates are trained using the PSAR35 manual, only the tasks in the Delivery and Assessment guide are assessable. Candidates should have a consistent assessment environment and to ensure this, significant work has been done to provide comprehensive guidance for assessors.
