Subject	Proficiency and Patrol Hour Extension for SLSS Members

Dear Clubs

SLS Sydney Branch has sought permission from SLSNSW for an extension of proficiencies and patrol hours till **31 January 2022**, as a result of the communications from Clubs for members who have missed completing their proficiency and/or completing patrols due to isolation and COVID.

Clubs need to conduct the proficiencies for the members effected and advise the members who are needing to complete patrol hours for competition to complete these hours prior to 31 January 2022.

No extension past this date will be given.

Any request after 31/1/2022 will be a Late proficiency request or a Patrol Exemption request handled via a different process.
