

MEMORANDUM

To	Club Captains/Directors of Lifesaving
From	Manager Lifesaving SLSS
CC	BOM, LSOC, EC, Club Secretaries
Date	Monday 16 May 2022
Pages	1
Subject	End of Season Thank You

Dear All

Firstly on behalf of the Branch Lifesaving and Support Operations Committee (LSOC) we extend a thank you for all your efforts this season. It has been another unique season which was largely dominated by COVID and wet weather which certainly was challenging at times.

We thank you for your coordination, response to issued memos relating to Lifesaving operations and cooperation with Lifesaving Area Coordinators with inspections and day to day operations.

To our Area Lifesaving Coordinators, Rachel, Ben, Rob and Mark thank you for your dedication and commitment this season. These roles are a vital link for our lifesaving service.

Moving into the new season, I would like to know 'pain points' that we as the lifesaving team can help address. These might relate to meetings, processes, gear inspection or grants. The team are starting to prepare for the new season and would like to incorporate feedback from the season that has just passed into future planning.

We have provided you a jotform link for this feedback <https://form.jotform.com/221318584064051> your cooperation in making this feedback relevant and useful would be appreciated.

Michael Bonnici
MANAGER LIFESAVING SLSS

Scott Muir
DIRECTOR LIFESAVING & SUPPORT OPS.
