Welcome to season 2021/22. I hope we all have a safe and healthy year ahead. Planning is well underway for the coming season, but the purpose of this memo today is to keep you up to date of a few important items which you need to be aware of.

Firstly can I introduce to you the Area Lifesaving Coordinators for season 21/22 who are your point of contact.

Callouts

Currently Surf Rescue 30 is off line for 3 weeks undergoing maintenance and will not be back on line till the end of June. Support Ski 3 and 4 crafts have been relocated to the Lugano Ave location in the Bate Bay for maintenance, servicing and for use by prospective RWC candidates during training and will remain there still mid September in readiness for the season start. It is also necessary to prevent deterioration over the winter months.

The Skis will still have a call out function, however for the Waverley and Randwick areas this may mean a delay of approx. 1 hour. In light of this can we please ask all Waverley and Randwick Captains to ensure your Call Out teams are notified of this situation and prepared to go should the need arise.
