Subject	HLTAID Upgrade Sessions for ARTC TAFs - Offer to Trainers

As some of you are aware, there is a new version (5) of the Advanced Resuscitation Techniques course being released shortly which incorporates the HLTAID015 award (in place of HLTAID007). In order to deliver the new course in the near future, current ARTC TAFs will need to obtain the following Units of Competency :

- HLTAID015 - Provide Advanced Resuscitation & Oxygen Therapy
- HLTAID011 – Provide First Aid

We have organised some accelerated upgrade sessions with the SLSNSW Academy. These have been offered to current Facilitators and Assessors, and there are some additional places which can now be offered to ARTC Trainers. **We are asking Club CTOs to nominate one or two ARTC Trainers for consideration – there are roughly 20 places currently available.**

These sessions will take approximately four hours and will award the above Units of Competency as well as HLTAID009 (Provide CPR) and HLTAID010 (Provide Basic Emergency Life Support).

Location is the Surf Lifesaving Sydney Branch office in Little Bay and the following sessions are available :

Saturday 31 July 1:00pm to 5:00pm

Sunday 1 August 1:00pm to 5:00pm

Please ask your trainers to select the session preference that they are able to attend in this jotform link <https://form.jotform.com/211991439693872> **RSVP by Friday 23/7/2021**

The new Delivery and Assessment Guide (version 5) is available in the Members Area Document Library under the Surf Lifesaving Australian organisation if you would like to see what the new format is. There is no Learners Guide available at this stage.

As always, other resources for training and assessment for Sydney Branch should be accessed via the Surf Lifesaving NSW organisation.

The current ARTC course with HLTAID007 can be delivered up until October 2021, so you can continue with any courses that you have scheduled. Members can patrol as an ARTC holder with either course on patrol; the award is separate from the Units of Competency.

Please feel free to get in touch if you have any questions.

Craig Howie
