Surf Life Saving Sydney (SLSS) continues to encourage, recognise and develop young Nippers in our Branch. These athletes may have started in Nippers for various reasons and now aspire to enter Branch, State and National (Aussies) Championships. Our Branch must provide a solid pathway for these athletes to develop their surf lifesaving skills and maintain motivation as they go through nippers to cadets and seniors. The Junior Development Committee will continue to conduct clinics for our members wherever possible and are pleased to advise dates for the Pool Rescue Clinics for 2023.

The SLSNSW Pool Rescue Championships are scheduled for April 2023, therefore we are now wishing to offer a clinic in the area of **Pool Rescue events** for your members who are intending on competing at this years State Championships. This clinic is open for members U11's and above.
