

MEMORANDUM

To	Club Presidents, Secretaries, Captains
From	Director Lifesaving & Support Operations
CC	BOM, LSOC, Illawarra DOL
Date	Monday 15 August 2022
Pages	1
Subject	Supporting our Illawarra Neighbours

Dear All,

Unfortunately, due to the adverse coastal weather conditions experienced in the Sydney region (and other parts of NSW) over the last five months, Garie Road has collapsed and affords no access to Garie Beach. Consequently, for the foreseeable future, there will be no patrols at Garie Beach filled by either Garie SLSC members or visiting Clubs.

We understand that many of you look forward to patrolling at Garie Beach each year and will be saddened by this development.

For those clubs still wishing to patrol on another beach as a visiting Club, there is another option.

Our neighbours in the Illawarra are desperately short of patrolling members and would be delighted to host any visiting club from Sydney Branch.

If you would like to sign up to assist an Illawarra club or simply wish to find out more, can you please contact Doug Hockey, Illawarra Director of Lifesaving at lifesaving@slsillawarra.com.au

Regards,

A handwritten signature in black ink, appearing to read "Scott Muir".
