OTHER KEY INFORMATION

TITLE	DESCRIPTION	ACTION
Massive Season for Patrols with many lives saved.	The efforts of all on patrol have been extraordinary with record crowds at beaches. An observer at Cronulla saw a lifesaver calmly ask swimmers to move between the flags 5 times before they did: professionalism unsurpassed and this is demonstrated at all Clubs.	Thank you to all involved and seek early assistance from Branch if required.
The Royal National Park new Plan of Management Click Here for Further Information	The updated plan of management now acknowledges the role of the three surf clubs and SLS Sydney in coastal public safety following multiple submissions during the review.	Update sent to National Park Clubs with suggested next steps.
