

MEMORANDUM

To	Club Presidents, Secretaries, Captains, Interested Parties
From	Director Lifesaving & Rescue Services Manager Lifesaving
CC	BOM, LSRSC, EC
Date	Thursday, 3 July 2025
Pages	1
Subject	EOI Gear Inspection Team 2025

Dear All,

Season preparations are underway for the annual Gear Inspection. We advise the Gear Inspection date for season 2025-2026 will be **Sunday 31 August 2025 (all clubs)**.

Each club is required to nominate at least one (1) member to be a part of the Gear Inspection Team. Ideally members will have an area of expertise such as IRBs, boards, first aid and so on – however previous experience in conducting gear inspection is not required. We are also keen to train up members, so if you have additional members who would like to learn, please also nominate them.

Please submit your EOI via this jotform link

<https://form.jotform.com/251761009242854>

EOIs close COB 25 July 2025

Role of Gear Inspection Team

The team would meet and travel to locations on the day in a convoy as a team. Checklists and marking off of inspected gear will be conducted via the Operations App. The Gear Inspection Team, once appointed, are given Branch Auditor access to this information. No experience is necessary; however, we do hope to have previous GI team members reapply to be a part of the team!

Any queries, please contact the Branch office.

Regards

Michael Bonnici
